Date April 29th, 2021

Subject: In case of having found a person who infected Coronavirus 2019 (COVID-19)

Attn: All Customers and Suppliers

Yamato Unyu (Thailand) Co., Ltd., ("Company"), its head office located at 1617, Pattanakarn Road, Suanluang Sub-district, Suanluang District, Bangkok 10250, it has been confirmed that one of our staff is infected of Coronavirus 2019 (COVID-2019) since April 28th, 2021.

After having been confirmed the infected person, the Company has informed and coordinate with Public Health Center 37 and Institute of Urban Disease Control and Prevention, Department of Disease Control that it has been found infected person and followed with recommendations of those Public Health Sectors urgently, and contacted to the private sector to perform COVID-19 disinfection cleaning in all area of head office of the Company on April 28th, 2021. Also checked timeline of infected person, screened and identified whom close contacted with the infected person who has high risk to detect COVID-19 within April 30th, 2021. Furthermore, for the other staff whom may have contacted or closed contacted with and worked in the same department with the infected person, the Company has announced a measurement to work from home and quarantine themselves at home for 14 days period since the date that contacted with the infected person, and also observing and following up the symptom.

In case of having found infected person in the Company at this time does not affect the Company and business operation at Head office and all Branch offices. The Company continues to operate business and provides service for customers as usual and continuously keeps emphasizing on safety of related persons and all staffs of the Company, and shall further continue to elevate the level of infection prevention within the Company as specified by Preventive Measurement of the Company and government policies.

Please be informed accordingly.

Sincerely Yours,

(Mr.Kunihiko Tsukigata)

Yamato Unyu (Thailand) Co., Ltd.
